to the ones we couldn't save-
your faces are all over the city
please, watch over us from the lampposts
they are a living monument to you

to the ones we wait for-
your faces are all over the city
screaming for you to come home
they are a living prayer for you

to the ones who returned-
your faces are all over the city
we hope you see how much you're cared for
they are a living hug for you
